TIER KEY				A Priority metro		B Secondary		C Regional / build			

Budget and creative effort follow tier.

TIER A

Priority Metros

8 shows • ~55% of budget

- New York
- Philadelphia
- Atlanta
- Los Angeles
- Miami
- Orlando
- Dallas
- Houston

Strong PR/Latino DMAs, proven ticket velocity. Full-funnel from 8 weeks out.

TIER B

Secondary

8 shows • ~30% of budget

- Washington DC
- Boston
- Chicago
- Charlotte
- San Jose
- Tampa
- Denver
- Minneapolis

Solid demand, lighter cold spend. Lean on lookalikes of Tier A buyers.

TIER C

Regional / Build

4 shows • ~15% of budget

- Reading
- Providence
- Columbus
- Fresno

Feeder markets to nearby Tier A/B. Drive-in targeting from 75mi radius.

Four phases, one funnel, repeated per city.

01	TEASE & ANNOUNCE <i>T-10 → T-7 weeks</i>	GOAL Build warm audience. Collect emails.	OBJECTIVE Engagement / Lead
02	PRE-SALE <i>T-7 → T-5 weeks</i>	GOAL Convert warm audience with code.	OBJECTIVE Conversions (Purchase)
03	ON-SALE <i>T-5 → T-2 weeks</i>	GOAL Scale cold + retarget.	OBJECTIVE Conversions (Purchase)
04	SUSTAIN / FILL <i>T-2 → show day</i>	GOAL Close remaining inventory.	OBJECTIVE Conversions + Reach

Tease & Announce — T-10 to T-7 weeks

WHAT WE'RE DOING

Announce the tour, build warm audience, collect pre-sale email list.

- Teaser video drop across Reels + TikTok (organic)
- Announcement post on IG + FB the same day as ads go live
- Engagement campaign (video views, 3s) — cheap reach in Tier A
- Lead form ads (email) in Tier A + Tier B metros
- Landing page with email capture + "Notify Me" by city

AUDIENCES

- Geo per city (25mi + 75mi feeder radius)
- Interests: Reggaeton, Latin Urban, ROA peers
- Lookalike of prior Zamora Live ticket buyers (1-3%)
- Video viewers of teaser (seed for Phase 2)

CREATIVE + BUDGET

- Post + Story split (4:5 feed + 9:16 story/reels)
- 2 hooks × ES / EN subtitles × 2 placements = 8 creatives
- Budget share of city total: ~20%
- Target CPL (email): ≤ \$1.50 Tier A · ≤ \$2.00 Tier B/C

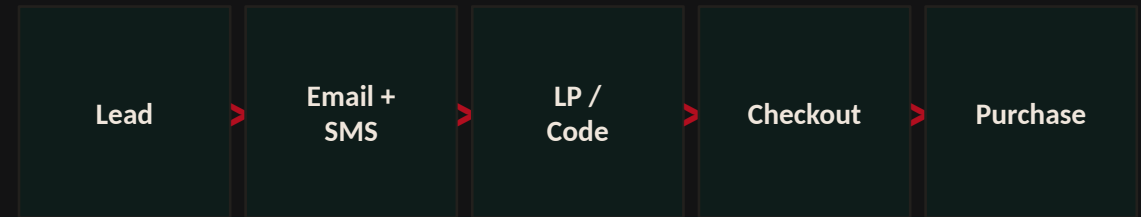

Pre-sale — T-7 to T-5 weeks

WHAT WE'RE DOING

Convert the warm list with an exclusive pre-sale code, 48h window.

- Email blast to list (code + countdown)
- Retargeting ads to video viewers + LP visitors
- SMS if list has numbers (Zamora Live list)
- No cold spend — pre-sale targets only warm audience

FUNNEL

Goal: 15-25% of Phase 1 email list converts in pre-sale window.

TARGETS

- Purchase ROAS $\geq 4.0x$ (warm retargeting)
- CPA (ticket) $\leq \$8$ Tier A • $\leq \$12$ Tier B/C
- Pre-sale sell-through: 20-35% of capacity
- Budget share of city total: ~15%

On-sale — T-5 to T-2 weeks

WHAT WE'RE DOING

Open to public. Scale cold with highest-ROAS creatives from pre-sale.

- Launch public on-sale across all ticketing URLs
- Scale winning creative • pause the bottom 30%
- Layer retargeting: engagers → video viewers → landing page → checkout starters
- First inventory report 72h after on-sale

AUDIENCES

- Cold: Lookalike 1% + 3% of pre-sale buyers
- Warm: IG/FB engagers + video 25%+ viewers
- Hot: LP visitors 30d + initiate checkout
- Exclude: past ticket buyers (last 12 months)

TARGETS

- Purchase ROAS $\geq 2.5x$ blended • $\geq 5x$ retargeting
- CPA (ticket) $\leq \$12$ Tier A • $\leq \$18$ Tier B/C
- Reach $\geq 35\%$ of target metro 18-44 Latino
- Budget share of city total: ~50%

Sustain / Fill — T-2 to show day

WHAT WE'RE DOING

Close remaining inventory with urgency creative + day-of-show reach.

- Urgency hooks: "Last tickets", "Sold out in X"
- Venue-day-of Reach campaign (radius 10mi)
- UGC + tour footage from prior shows
- Retarget checkout-abandoners aggressively
- Pause creative with CTR < 0.8% or CPA > 2x target

IF UNDER 70% SOLD

- Double daily budget on best-performing campaign
- Add a discount-code ad to the email list
- Cross-promote from adjacent cities (50-150mi)
- Local radio / influencer boost coordinated w/ Zamora Live

TARGETS

- Sell-through at show day $\geq 90\%$
- Day-of-show reach in venue radius $\geq 60\%$
- CPA can rise 50% — fill is the priority
- Budget share of city total: ~15%

Cold, warm, hot — seeded from Phase 1 forward.

LAYER	AUDIENCE	SIZE PER CITY	USED IN
COLD	Lookalikes of Zamora Live past ticket buyers	400-800k	Phase 3
COLD	Lookalikes of pre-sale buyers	800k-1.5M	Phase 3-4
COLD	Reggaetón / Latin urban interest	1-3M	Phase 1-3
COLD	Spanish-speaking 18-44 in market	500k-1M	Phase 1, 4
WARM	Video viewers of the tour teaser	seed 10k+	Phase 2-4
WARM	IG / FB page engagers (90 days)	seed 20k+	Phase 2-4
WARM	Landing page visitors (30 days)	seed 15k+	Phase 2-3
HOT	Checkout started — no purchase (14 days)	seed 2k+	Phase 3-4
HOT	Pre-sale email list	2-10k	Phase 2
EXC	Zamora Live cross-artist ticket buyers (365d)	—	Exclude in cold

COLD = acquire • WARM = nurture • HOT = close • EXC = exclude. The 365-day exclusion runs against the Zamora Live cross-artist ticket-buyer list (ROA has no prior US buyers).

Market reality — creative cut by city

PR-HEAVY DIASPORA

Orlando • Philly • NYC • Providence • Reading • Boston • Chicago

Lead island identity. 'Orgullo boricua.' ES-primary. Use ETA RMX / YOGURCITO hooks.

Orlando: 387K PR • 15% of metro • Osceola Co. is plurality-PR

PAN-LATINO URBAN

Miami • Tampa • Atlanta • DC • Charlotte

Pan-Caribbean reggaetón. Not island-specific — Cuban / Venezuelan / Salvadoran majority.

DC: Salvadoran-dominant • PR ~3-4% of metro • CPM for PR-ID users higher

MEXICAN-DOMINANT

Fresno • Dallas • Denver • LA • San Jose • Houston

Universal reggaetón. Do NOT lead PR-identity. Houston slightly more Caribbean-tolerant than DFW.

Dallas Escapade 2001 brand = 'regional mexicana' — genre pivot risk

LIGHTEST LATINO

Columbus • Minneapolis

Widen radius 75mi. Super-fan + streaming lookalikes. OSU / Twin Cities college Latino 18-24.

Minneapolis: 6-10% Latino metro • smallest on tour
